

## Solar Park Aurach-Wahrberg

SAR's newly founded Green Energy department received a comprehensive contract as main contractor from the Aurach-Wahrberg Solar GmbH with an extremely tight time schedule considering the order and completion date (30.06.2010).

The contract was for a green field solar park in Aurach close to Nürnberg. The plant includes single axis tracking with a total output of 4.5MWp.

The plant was completed timeously despite an installation time of only 6 weeks and started successfully.
